

Water detecting paste batch 12 tubes of 85gr

Product codes:

Product attributes:

Reference:
PC201-00035
EAN13: -
UPC: -

Product description:

The water detecting paste is effective with all fuels: Gasoline (SP95, SP95-E10, SP98, E-85), diesel, GNR, domestic fuel oil, heavy fuel oil, kerosene and kerosene.

Instructions for use

Coat the end of the gauge with the brown water detecting paste and dip it in the remaining fuel for about 20 seconds.

Take out your dipstick and check the color of the water detecting paste: If it turns red, there is water in your remaining fuel.

Storage

Store the water detection paste in a dry place, away from light and too much UV exposure.
